**CIRCULAR**

It has come to the notice of the Corporation that after the pre-bid meeting(s), the prospective bidders are directly approaching the technical experts/intending department with their representations for amending the technical specifications without the knowledge of the corporation. This has resulted in hampering of the tendering process and is compromising sanctity of fair bidding process by creating chaos and confusion. Furthermore, it has resulted in issuing multiple amendments in the technical specifications due to which multiple corrigendums are to be uploaded causing unnecessary delay in tendering process.

It is therefore informed that only the representations submitted to the Corporation by or before pre-bid meeting shall be entertained and any bidder/firm/representative of firm, if found approaching the technical experts directly, without the knowledge/permission of the corporation shall be dealt strictly as per the provisions of SPP, which may include debarring the firm for participating in the e-bids.
